

CUPS AND TROPHIES

All confined to Society Members

THE DONATION OF TROPHIES

The Committee will be pleased to accept trophies for competition and the following conditions will be attached to their donation and acceptance.

The prospective donor of any trophy will be required to notify the Honorary Secretary of their intention in writing, before the purchase of any trophy and for which competition any trophy is to be donated. The donor will also be required to assign the trophy into the sole ownership of the Society and a form will be made available for this purpose (see also Rule 8).

The minimum requirements before any trophy is accepted shall be that they are manufactured from hardwood, crystal or metal, ie. silver, silver plate, bronze or pewter.

Whilst it is understood that the trophy will be allocated in the category named by the donor, subject to the availability of the category, the Committee retain the right to decide the system by which points are allocated for any competition. Similarly, the Committee retains the right to re-allocate any trophy already donated, should it become necessary in the future.

When the Honorary Secretary has received any proposal, it shall be placed on the Agenda of a Committee meeting for discussion. The donor shall then be notified as soon as possible of the Committee's decision.

Any trophy donated without the foregoing formalities will reluctantly be refused.

POINTS FOR ANNUAL TROPHIES (from 1st January 2002 and as amended 2008)
